

Product Data Sheet

EVEN BETTER

Board Adhesive

Product Description

Used for bonding the Even Better Acoustical Board to drywall, existing plaster, concrete or previously painted surface.

Installation

Ensure that the surfaces are clean and dry.

Apply the adhesive on the back of the boards with 6x6 mm or 1/4" x 1/4" notched trowel.

Press together the surfaces to be glued before a film forms on the glue.

Open time 5-10 minutes. (23°C/55% RF) (73°F/55% RH)

Maximum strength after 3 days. (23°C/55% RF)
(73°F/55% RH)

Properties

Contents: Acrylic dispersion adhesive.

Packing: 10 kg (22 lbs)

Handle instructions: Use safety goggles to avoid glue splashing into the eyes.

Wash your hands after use.

Consumption: 10-19 sqm (100-190 sqft),
depending on backing.

Storage

Stored dry without exposure to sunlight and at normal room temperature.

Storage time: (from +5°C to +25°C)(from +41°F to +77°F) 12 months. The product is frost resistant down to -5°C (+5°F).
